

Department	BARBADOS POSTAL SERVICE
Ministry	MINISTRY OF HOME AFFAIRS

Mandate/Responsibilities

A large volume of goods are imported into, and exported from Barbados through parcel post.

The Barbados Postal Service (BPS) processes express mail and parcel post items independent of Customs, including the collection of duties and taxes on behalf of Customs for low value, low dutiable items.

Impact of Electronic Single Window

Through the ESW system, the BPS will be able to view all licences, permits, certificates and other forms approved for a specific trader online, so the trader does not have to bring a hard copy to the BPS office.

The ESW will provide the BPS with a suite of customizable reports to access trade data immediately, and a data warehouse that can be used in the future to develop its own reports.
