

Department	DATA PROCESSING DEPARTMENT
Ministry	MINISTRY OF CIVIL SERVICE

Mandate/Responsibilities

The Data Processing Department (DPD) is responsible for providing Information and Communication Technology (ICT) solutions for Government, through the efficient and innovative use of technology and the provision of an environment through which information technology is monitored and the ICT activities of agencies coordinated.

Impact of Electronic Single Window (ESW)

The DPD will provide the web development guidelines for the ESW design as well as the links to external systems, such as for payment processing.
